OCTOBER 5 -7, 2020

Due to the concern around COVID-19, and in alignment with the best practices laid out by the CDC, WHO and other relevant entities, The Trucking Summit has decided to go virtual for the 2020 Summit.

## Bringing People Together to Help Each Other

The Trucking Summit is three half days of uniquely structured interactive roundtable sessions, information sharing and networking - 100% online! Get introduced to dozens of others responsible for trucking fleets as well as senior representatives from the vendor community who will share how they're approaching industry issues. The Trucking Summit is your opportunity to get insights on an immediate issue, learn what's working for your peers and what's not, and gain new relationships with colleagues from across the country.

### HOW TO PARTICIPATE

To be eligible for The Trucking Summit, you must be responsible for a private or for-hire fleet with 50 or more power units. Your title should be Owner, C-Level, VP, Director, or Manager. Most important, you should have decision-making authority or specific input into the products and services your fleet purchases. You should be comfortable networking with other industry professionals in both structured and unstructured environments.
